

# LAB # 3

## LAB TASK : 1

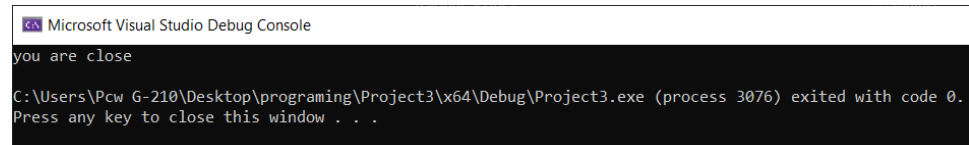

1-Mention the output of the following programme.

### SOURCE CODE :

```
# include <iostream>
using namespace std;
int main() {
    int x = 7;
    if(x > 6)
    {
        if (x < 12) {
            cout << "you are close" << endl;
        }
        else {
            cout<<"sorry you lose the turn" << endl;
        }
    }

    return 0;
}
```

### OUTPUT :

Microsoft Visual Studio Debug Console

you are close

C:\Users\Pcw G-210\Desktop\programing\Project3\x64\Debug\Project3.exe (process 3076) exited with code 0.
